Start dance after 6 bar intro right after lyrics "Punch that high wall!" The complete dance repeats 8 times ending facing front on last beat. The 'scuffle-hoomph' step is as it sounds. we have taken this from basic tap dancing which we don't think has been used in line dancing before!

- &4** On balls of both feet twist both heels left and back
- 5-6** Step forward on right foot, half pivot turn left (weight ends on left)

Turns can be changed to walks for dancers who find turns difficult
