5 -6 Cross left over right, recover on left,

7-8& Turn $\frac{1}{4}$ left stepping on left (12), step forward on right, pivot $\frac{1}{2}$ turn left (6)

START AGAIN

Note:- Please note when doing the $\frac{1}{2}$ turning shuffle it moves down the floor and is not on the spot.

You have the option to take this up a level by changing count 3&4 into 1 and $\frac{1}{2}$ turns.

The turn will take you to the following walls (6) (12) & back to (6) and it is a slow turn so take your time as it travels down the floor and is not on the spot.
