**Instructor note: You will notice on the counts that I have included 'a' as a count, if you haven't heard of this before here is a brief explanation.**

**When we count in dance it really could be '1 e & a 2 e & a 3' etc, in this particular track you are stepping on the 'a' count which is just after '&', the easiest place in the dance to understand this is section 25-32 on the cross side rock as you are using both & and a.**

**If you are an instructor this might confuse some of your students, so I wouldn't place too much emphasis on it, they should dance on rhythm once they hear the song (treat it as an '&' count)**
