TAG

There are 2 tags within the music. These occur during the 1st and 2nd sequences only and are performed between step #32 and step #33. The music will pause at these step counts and you execute the tag as follows. On step #32 replace the left toe touch with a step onto your left foot. You then take a large step forward on your right foot to then drag your left foot in beside your right. You then continue the sequence at step #33. For all following sequences you perform the dance as described on the dance cue sheet
