REPEAT

TAG

After the 2nd wall (you will be facing the back)

- 1-10** Repeat first 10 counts of main dance
- 11-12** Step left forward, make $\frac{1}{2}$ pivot turn right and step forward onto right foot
- 13-14** Rock-step left forward, rock back onto right
- 15-16** Rock-step left backward, rock forward onto right
- &** Step left foot beside right

At the end of the 7th complete wall the music slows and you need to slow the last 8 counts of the dance for 8 beats to keep in time. It is difficult to count so if you have problems it is reasonably easy to hear when the rhythm kicks in again to restart.
