Choreographer: Steve Carlson - February 2020

Music: "Tip of My Tongue" by: Kenny Chesney

Please note that the steps are essentially the same for both male and female parts until the last part of the third 8 count. The last 8 count is easily done by each partner as the first 4 counts are steps for the male part, with the female part simply changing hand position while not moving the feet at all. Then the last four counts of the dance are the male part signaling the female part through one and a half turns returning to the circle dance starting position.

1, 2[M] Right step half turn for the lead part raising both hands over head,

3, 4[M] Right step half turn for the lead part completing full turn back to partner (back of the right hand on top facing the ceiling, with the left hand hold on the bottom, male palm facing up)
