***It might be challenging to start the dance on time since the INTRO is only 2 counts.**

I added 5 seconds to the start of my music track to give me a little extra time.

You can also just start the dance with Section 2 (cross, point, etc.) at count 10 of the song (lyric "town") and you will be on track throughout the rest of the dance.

****Feel free to contact me via the email link on my bio page if you have questions or any problems with the music and I will gladly help.**

Have fun :)
