**REPEAT**

**Counts 1-8 and 41-48 are almost the same. The stomp at count 41 was inspired by the accent on that beat of the song thru most of the phrases. At the end of the song that accent happens twice in a row during the last key lyric- "I'm from the country". As the phrase is repeated, rather than write a change to the phrasing of the dance just do a stomp on count 1 and it'll all fit. From that point on the accent never occurs again.**
